

## WINDY CITY LABS 2. Onboarding Flow

2

### WELCOME HOMESCREEN

Once setup is completed, the Welcome screen will be shown (only once) where user will begin onboarding.

**2.a** Brief animation of weather being dragged from top of the screen into the upper left corner of mirror preview.

**2.b** Brief animation of weather expanding.

**2.c** Brief animation of the finger tapping on weather.

**2.d** Brief animation of weather being dragged to the trash bin and weather disappearing.

**2.e** Clicking 'GOT IT!' will bring the user to Home Screen.
