ABOUT ME

I enjoy solving problems. Cleveland raised and Chicago trained, I currently work remotely from Denver. I bring logic and beauty to challenging design problems, with simplicity and functionality in mind. I've worked in a number of environments, and can solve for problems with heavy constraints as well as more open-ended challenges.

Endpoint Clinical

Product Designer | 2022 - Present

I work on a small design team on a product that delivers a unique solution to the complex clinical drug trial workflow. I deliver clean interactive prototypes for testing and development purposes, and am actively involved in strategy conversations.

Orion Innovation

Senior UX Designer | 2020 - 2022

A NYC design agency that offers a range of design and product solutions. I've worked with varying team sizes and clients in this role, ranging from Morgan Stanley financial advisor tools, to eTrade trading platforms, to concept designs for a code editing software.

Fannie Mae

Product Designer | 2018-2021

On the Innovation Team, I worked on an iOS app for tracking home projects, a self-service portal for lenders, a redesign of a condo underwriting platform, a process repository platform, a tool to manage property foreclosures, and an internal HR product for employees seeking open roles.

Allstate

UX Architect | 2016-2018

I worked on a team responsible for designing a fully responsive site with an annual user base of 45 million people. My role entailed IX design, IA, wireframing, prototyping, and usability testing. I worked collaboratively in an agile environment with PO's, interdepartmental UX teams, and devs.

Syndio Inc.

Lead Designer | 2016-2017

I led design for a fully responsive site. I led logo design, pattern library, and branding. I managed IA, wireframing, prototyping, and overall design for a complex product in the healthcare industry. I also designed a sister charity organization site that pays medical expenses for those in need.

DESIGNATION

UX/UI Student | 2016

18-week UX/UI bootcamp located in 1871's tech incubator. I practiced the fundamentals of UX/UI, IxD, and Front-End Dev. I worked on several projects, from research through UI deliverables, with startup clients under aggressive timelines.

Greenheart Exchange

Account Manager | 2013-2016

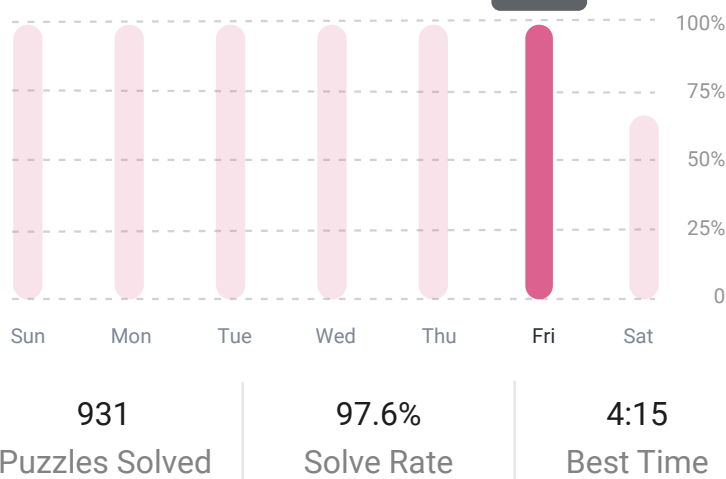

A nonprofit, foreign exchange organization for students. I managed a visa program with over 100 employer accounts, that hired nearly 3,000 students across the country in a variety of industries, while facilitating overseas hiring events in 20 countries.

Sunflower Montessori

English Teacher | 2009-2012

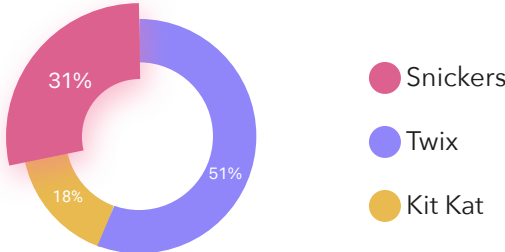

I taught English to adorable kindergartners in Daegu, South Korea as a couple gap years after college. Exercised my empathy muscle with this one.
